INDEX TO VOLUME 11

PAGE

Actinomycosis in United States..... 809
Adenomyoma of umbilicus..... 684
Alcohol, injection of absolute alcohol into thyroid gland..... 180
Allison, N.: Twenty-seventh report of progress in orthopedic surgery....473, 633
Amputations 642
Anastomoses of colon, experimental end-to-end; anatomic study..... 100
Aneurysm, effects of abnormal arteriovenous communications on heart, blood vessels and other structures..... 25
treatment of abnormal arteriovenous communications 237
Anuria 324
Appendectomy, study in technic..... 18
Appendix, tuberculous, associated with tuberculosis of Meckel's diverticulum... 519
Artery, renal, experimental hydronephrosis; effect of changes in blood pressure and in blood flow on its rate of development; partial obstruction of renal artery; diminished blood flow; diminished intrarenal pressure and oliguria.. 649
Arthritis 480

Back strain..... 486
pain, sacrovertebral angle, its measurement and clinical significance of its variations 911
painful conditions in lumbar lumbosacral and sacro-iliac regions..... 883
Barker, H. B.: Injection of absolute alcohol into thyroid gland..... 180
Beck, C. S.: Significance of pericardium in relation to surgery of heart..... 550
Belk, W. P.: Enchondroma of femur with repeated recurrences and ultimate death 93
Berry, J. M.: Painful conditions in lumbar lumbo-sacral and sacro-iliac regions.... 883
Bile Ducts, benign stricture of..... 459
Bladder, calculi, vesical stone..... 317
diverticulum 316
embryonic rests..... 319
exstrophy, remote sequelae of rectal implantation of ureters for; findings at necropsy 14 years after Bergenhem operation 408
hernia 318
paralysis of..... 314
surgery, technic of vesical operations... 312
tumors, vesical tumors..... 315
ulcers 318
Blaisdell, F. E.: Osteogenetic function of periosteum 933
Blood sugar, variations in, in relation to thyroid surgery 171
Bone atrophy, local atrophy as an anomaly of bone metabolism..... 708
growth disturbance of..... 483
growth, osteogenetic function of periosteum 933
marrow, relation of, to lymphatic system; its rôle in spreading of carcinomatous metastases throughout skeleton..... 690
tumors 482
tumors, enchondroma of femur with repeated recurrences and ultimate death; report of case..... 93

PAGE

Bower, J. O.: Primary bilateral carcinoma of fallopian tubes; recognition of early metastasis essential to successful treatment 586
Brain injuries, fracture of skull: analysis of 171 proved cases; diagnosis and treatment of associated brain injury.. 434
Breast cancer, osteoplastic skeletal metastases from..... 219
Broders, A. C.: Epithelioma of cavities and internal organs of head and neck..... 43
Brown, L. T.: Twenty-seventh report of progress in orthopedic surgery....473, 633
Brunkow, C. W.: Congenital abnormalities of intestine; intestinal aplasia: atresia of rectum and anus complicated by rectovesical fistula..... 417
Bucholz, H. C.: Twenty-seventh report of progress in orthopedic surgery....473, 633
Burden, V. G.: Benign stricture of bile ducts 459

Cancer: See also Breast cancer; Fallopian Tubes; Testicle; etc.
Cancer, epithelioma of cavities and internal organs of head and neck..... 43
injury, including irritation, and cancer.. 124
stratified squamous cell carcinoma of body of uterus..... 957
Cerebrospinal Fluid pressure, effect of magnesium sulphate on brain volume and.. 778
Churchill, E. D.: Pulmonary atelectasis; with especial reference to massive collapse of lung..... 489
Clark, J. H.: Primary bilateral carcinoma of fallopian tubes; recognition of early metastasis essential to successful treatment 586
Coley, B. L.: Tuberculosis of Meckel's diverticulum associated with tuberculous appendix 519
Colon, experimental end-to-end anastomoses of colon, anatomic study..... 100
Colp, R.: Dyspnea following thyroid operations 200
roentgen-ray study of injected knee joint 660
Coplin, W. M. L.: Injury, including irritation, and cancer..... 124
Cullen, T. S.: Accessory lobes of liver, an accessory hepatic lobe springing from surface of gallbladder..... 718
Cushing, H.: Chronic subdural hematoma; its pathology, its relation to pachymeningitis hemorrhagica and its surgical treatment 329

Danforth, M. S.: Twenty-seventh report of progress in orthopedic surgery....473, 633
Davis, J. S.: Use of seasponge as surgical dressing 946
Dislocations 641
Diverticulum, tuberculosis of Meckel's diverticulum associated with tuberculous appendix 519
Duodenum, unusual conditions in; membranous obstruction of lumen, diverticula and carcinoma..... 529
Dura Mater, chronic subdural hematoma; pathology, relation to pachymeningitis hemorrhagica and surgical treatment.. 329
Dyspnea following thyroid operations..... 200

Edwards, C. R.: Adenomyoma of umbilicus 684
Ely, L. W.: Sprengel's deformity..... 598
Enchondroma of femur with repeated recurrences and ultimate death, report of case 93
Epididymitis, gonorrheal..... 323
Epithelioma of cavities and internal organs of head and neck..... 43
Ewell, G. H.: Hirschsprung's disease, or congenital megacolon 674

Falk, H. C.: Relationship between pathologic and clinical aspects of diseases of thyroid gland 74
Fallopian Tubes, primary bilateral carcinoma of..... 586
Farr, R. E.: Congenital abnormalities of intestine; intestinal aplasia: atresia of rectum and anus complicated by rectovesical fistula..... 417
Femur, enchondroma of, with repeated recurrences and ultimate death..... 93
Ferber, J.: Local atrophy as an anomaly of bone metabolism 708
Fistulas, abnormal arteriovenous communications, acquired and congenital; effects of abnormal arteriovenous communications on heart, blood vessels and other structures 25
  abnormal arteriovenous communications, acquired and congenital; treatment of abnormal arteriovenous communications 237
  gastrojejunocolic 790
  rectovesical, congenital abnormalities of intestine; intestinal aplasia: atresia of rectum and anus complicated by rectovesical fistula 417
Foot deformities 634
Foulds, G. S.: Review of urologic surgery 152, 304
Fractures 637

Gastro-Intestinal Tract, reflex spasm of pylorus and its relation to diseases of digestive organs 136
Genital tuberculosis 165
Ginsburg, S.: Osteoplastic skeletal metastases from carcinoma of breast..... 219
Grimm, H. W.: Sacrovertebral angle, its measurement and clinical significance of its variations..... 911

Haden, R. L.: Obstruction of jejunum; effect of sodium chlorid on chemical changes in blood of dog..... 859
Heart surgery, significance of pericardium in relation to..... 550
Hematoma, chronic subdural; pathology, relation to pachymeningitis hemorrhagica and surgical treatment..... 329
Hepler, A. B.: Experimental hydronephrosis; effect of changes in blood pressure and blood flow on its rate of development, and significance of venous collateral system; partial obstruction of renal vein without and with ligation of all collateral veins 917
  Experimental hydronephrosis: effect of changes in blood pressure and in blood flow on its rate of development; partial obstruction of renal artery: diminished blood flow; diminished intrarenal pressure and oliguria..... 649
  Experimental hydronephrosis; effect of changes in blood pressure and blood flow on its rate of development; splanchnotomy; increased intrarenal blood pressure and flow; diuresis..... 578
Hinman, F.: Experimental hydronephrosis; effect of changes in blood pressure and blood flow on its rate of development, and significance of venous collateral system; partial obstruction of renal vein without and with ligation of all collateral veins 917
  Experimental hydronephrosis: effect of changes in blood pressure and in blood flow on its rate of development; partial obstruction of renal artery: diminished blood flow: diminished intrarenal pressure and oliguria..... 649
  Experimental hydronephrosis; effect of changes in blood pressure and blood flow on its rate of development; splanchnotomy; increased intrarenal blood pressure and flow; diuresis..... 578
Hip, reconstruction operation on..... 842
  congenital conditions of hip-joint..... 473
Hirsch, E. F.: Stratified squamous cell carcinoma of body of uterus..... 957
Hirschsprung's disease, or congenital megacolon 674
Hirtz compass, localization of lung abscess by roentgen ray, with special reference to use of..... 394
Hofmann, O.: Hirschsprung's disease, or congenital megacolon 674
Hughson, W.: Reflex spasm of pylorus and its relation to diseases of digestive organs 136
Hydronephrosis, experimental; effect of changes in blood pressure and blood flow on its rate of development, and significance of venous collateral system; partial obstruction of renal vein without and with ligation of all collateral veins 917
  experimental; effect of changes in blood pressure and in blood flow on its rate of development; partial obstruction of renal artery: diminished blood flow; diminished intrarenal pressure and oliguria 649
  experimental; effect of changes in blood pressure and blood flow on its rate of development; splanchnotomy; increased intrarenal blood pressure and flow; diuresis 578
  hydro-ureter and 311

Intestines, congenital abnormalities of; intestinal aplasia: atresia of rectum and anus complicated by rectovesical fistula 417
  tumors of small intestine..... 602

Jejunum, obstruction of; effect of sodium chlorid on chemical changes in blood of dog 859
Joint tuberculosis 476
Jordan, S. M.: Basal metabolic rates and their relation to end-results in thyroid disease 1
Judd, E. S.: Benign stricture of bile ducts 459
